

Hawthorn Hill

The Basin Stand Collection

Hawthorn Hill's collection of high quality traditional and contemporary basin stands are handmade by English craftsmen. The range provides front support models for wall mounted basins and vanity tops and freestanding models which can support a shelf beneath.

Hawthorn Hill basin stands and matching towel warmers are crafted from premium grade brass and finished in Chrome, Nickel, Pewter (brushed Nickel), Gold, Oil Rubbed Bronze (a liquorice colour) or uncoated bare brass.

All Hawthorn Hill basin stands and matching towel warmers can be custom made to the dimensions required for your project for a unique bespoke touch.

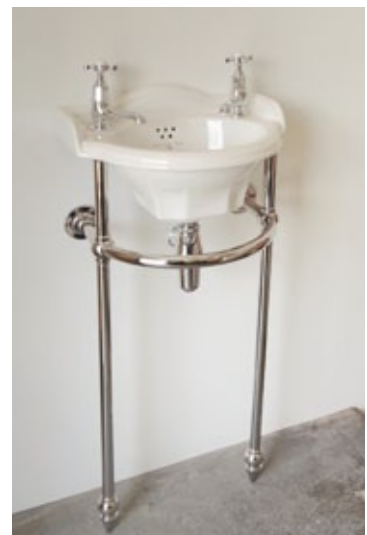

The complete Basin Stand Collection can be viewed at www.englishtapware.com.au
