
ACQUELLO
ITALIA*l'arte della terra*

INSTALLATION

There can be small variances in dimensions and as such we recommend your fireclay sink be supplied to the cabinetmaker prior to manufacture of the cabinets.

There are many different ways to install a fireclay sink. Please discuss your preference with your cabinetmaker prior to installation.

WASTES

Waste outlets are designed to accommodate a basket strainer waste or waste disposal unit fitted with an extended collar.

CARING FOR YOUR FIRECLAY SINK

Congratulations on purchasing this Acquello product. It is an original Acquello design and made in Italy by craftsmen who understand the essence of craftsmanship. With proper installation and care, this unique product will provide many years of enjoyment. To maintain its beauty and to preserve your warranty, please comply with the following cleaning instructions.

CLEANING INSTRUCTIONS

To ensure longevity of all fireclay sink surfaces, it is recommended that for cleaning simply use a soft cloth and non-abrasive cleaning product.

PROTECTOR RACKS

Acquello 1000mm, 760mm and 610mm fireclay sinks and 860mm inset sinks are supplied with custom designed sink protector racks. These protector racks serve the dual purpose of protecting your glassware and plates during washing and also protecting the bottom of the sink from heavy cookware.
